

Coleman **REVOLUTION™**

Coleman's Revolution barbecue comes with patented Flare-Free Technology™ through its two-layer grill grates design.

This design reduces flare-ups by guiding fat and oil away from direct flames.

As a result, food receives more consistent heat, reducing the likelihood of overcooking or burning. Additionally, the Flare-Free design contributes to a longer-lasting barbecue and offers a better cooking experience, eliminating the frequent challenges of dealing with unwanted flames and smoke.

The barbecue features a front-access cup to collect grease, streamlining the cleaning process and enhancing the BBQ's ease of operation.

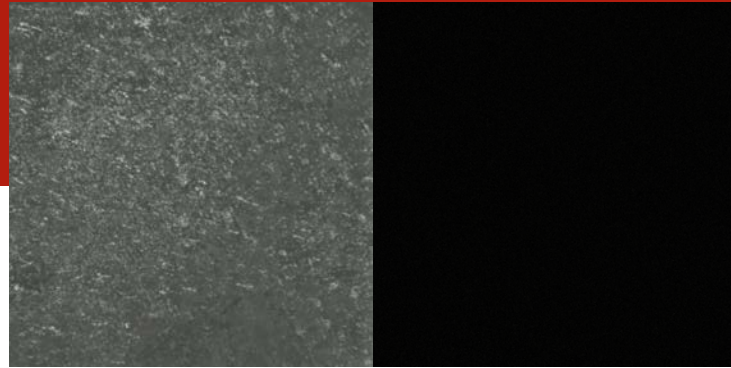

Coleman **REVOLUTION™**

Discover Our Exquisite Barbecue Designs

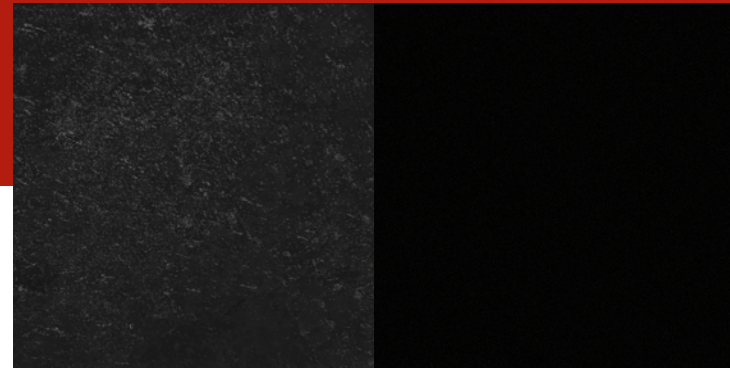

Shadow Gloss

Exuding timeless sophistication: A black shiny polished finish with subtle grey texture

Charcoal Glimmer

Boasts a high-quality black matte sandy finish with a touch of shiny black, slightly dimpled surface texture, resulting in a sleek, modern “blackout” appearance

REVOLUTION™

Dual-Fuel Gas and Charcoal

Gas-powered cooking surface area:

3,036 cm² (D 46.5 x W 66.6 cm)
